

BRUSHY FORK TIMES

228 south Lindsay road, old Monroe, Missouri

Brushy Fork Pines is a family operation. Most of time the Rick and Craig are outside helping shake and bale trees for customers. Tonyia is in charge of the gift shop and designs most of greeneries in the shop. Sarah and Jennifer work inside in the shop most of the time, but they also work outside, especially when we're busy.

Grandparents, siblings, aunts, uncles and kids have helped with the farm, beginning in our previous location in 1993. Expansion of the farm came in 2001 with the purchase and planting of the current location. Most recently we constructed the new barn and shop at what is now the farm's permanent home. We are always in search of ways to provide all families with an enjoyable holiday experience, from hot chocolate to a place to warm up hands and hearts.

As the farm, and the family, is growing, you may see some new faces join the team, but our commitment to a family-friendly experience, and beautiful Christmas memories is still the same.

Welcome to the family!

MasterCard, Visa and
Discover cards
accepted**

The History of the Kissing Ball

The legend of the kissing ball originates in England. The ball made of various evergreens and mistletoe was hung high in the entries of country homes. Often the kissing balls were embellished with ribbons or fragrant plants. Those who stood underneath it stole a kiss, and it is said any single lady denied a kiss while standing beneath it would not marry that year. Each time a kiss was stolen, one of the mistletoe berries was removed. Supposedly once the berries were gone, there were no more kisses to be had.

As always we have: Choose and Cut Your Own Scotch Pines up to 8 foot - Priced by the foot
Pre-Cut White Pine, Fraser or Canaan Firs from 6 to 8 foot - Priced individually

Complimentary candy canes and hot chocolate!

Heated shop with items under \$20, including ornaments, and decorating accessories.

Restroom facility available.

Saws and tarps on-site.

Free shaking and baling. Drilling for tree stands also available.

Selection of fresh greenery, including centerpieces, grave crosses, wreaths and roping. All greens can be customized with a modern or traditional look using our selection of ribbon and holiday accents.
